BJP PLANNING TO CREATE DISTURBANCES IN BENGAL TO DEFAEME STATE BEFORE 2024 POLLS: CM MAMATA

Amidst, LS passes bill to decriminalise minor offences to push ease of doing biz

Many Offences Will Not Entail Jail Terms Now

TIMES NEWS NETWORK

New Delhi: Lok Sabha on Thursday passed the Jan Vishwas (Amendment of Provisions) Bill, 2022 that seeks to promote ease of business by decriminalising minor offences by amending 183 provisions in 42 acts.

MEN IN BLACK: Opposition MPs stage a protest on Parliament premises on Thursday against the ongoing violence in Manipur

LS passes bill to repeal 76 obsolete laws

Lok Sabha on Thursday passed a bill to repeal 76 redundant and obsolete laws, with the government saying the move is part of its continuing efforts to improve the ease of living and doing business. So far, the Modi government has repealed 1,466 laws and once the present bill gets Parliament's nod, the number of laws removed from the statute books will go up to 1,522, law minister Arjun Ram Meghwal said after moving the bill.

The bill is one of the periodical measures by which enactments that have ceased to be in force or have become obsolete or the retention as a separate Act is unnecessary are repealed. The bill proposes to repeal the Land Acquisition (Amendment) Act, 1885, as well as the Telegraph Wires (Unlawful Possession) Act, 1926. In his brief remarks, Meghwal took a jibe at the previous UPA government, saying not even a single law, which is not required in the current scenario, was repealed.

many offences. All offences under the Post Office Act, 1886 are being removed. The bill curbs several fines to penalties, meaning that prosecution is not necessary to administer punishments. It also removes imprisonment as a punishment for

Govt will lose power to revise a film's certificate: Thakur as RS OKs Act

TIMES NEWS NETWORK

New Delhi: Rajya Sabha on Thursday passed the Cinematograph (Amendment) Act, a legislation that broadened the definition of what qualifies as content piracy and tightened penal provisions, including a jail term of up to three years and a fine of up to 5% of a film's production cost.

The revised Cinematograph (Amendment) Act, which incorporates recommendations of a parliamentary standing committee, introduces three age-based certifications under the 'UA' category, namely 'UA7+', 'UA13+' and 'UA16+'. It also empowers the Central Board of Film Certification (CBFC) to sanction a film with a separate certificate for its exhibition on television or other media.

Assuring the House that the government wants CBFC to remain "autonomous", Union information and broadcasting minister Anurag Thakur said the revisions in law will take away from the government the power to revise a film's certificate. Thakur clarified that the Act now provides that film certificates issued by the CBFC will now be applicable for perpetuity instead of their current validity of 10 years.

The legislation also allows certification of films to be conducted from Adult (A) or banned (S) to UA after suitable alterations. The TV Department, which is expanding the definition of piracy was an industry demand, he said. "The film industry is facing a loss of Rs 30,000 crore annually because of piracy," the Cinematograph Act was taken up for passage amid street protests by the opposition parties over the Manipur issue. The opposition eventually staged a walkout after demanding the PM's presence in the House to discuss the ethnic strife.

19-yr-old sailor found dead on INS Vikrant, inquiry ordered

Asseem Shaikh @timesgroup.com

Kochi: A 19-year-old naval sailor was found dead on board indigenous aircraft carrier INS Vikrant on Thursday. He has been identified as Susant Kumar, a native of Bihar. The Navy said that prima facie the incident appeared to be a case of suicide as body was found hanging inside the vessel. A statutory Board of Inquiry has been ordered by the Navy and a case has been registered with Kerala's Ernakulam South police. Kumar joined the Indian Navy in 2021 and was deployed on INS Vikrant after its commissioning. The incident came to light on Sunday. Sources said Kumar was on watch duty. As he did not report on time, officers looked for him and found him hanging from the ceiling reportedly near the medical area of the ship.

NIA arrests Pune doc for sheltering 'ISIS members'

Asseem Shaikh @timesgroup.com

Pune: The National Investigation Agency (NIA) on Wednesday arrested a medical practitioner who is alleged to be associated with ISIS Maharashtra module from Kondhwa in Pune on the charge of promoting violent activities of the proscribed terrorist group. Adnan Ali Sarkar (43), an anaesthetist attached to several hospitals in the city, is the fifth person to be arrested in the case, registered on June 28. The NIA had earlier arrested four persons during simultaneous raids in Mumbai, Thane and Pune on July 3. The agency identified them as Zubair Noor Mohammed Shaikh alias Abu Nussaba from Pune, Tashih Nasser Siddiqui from Mumbai, and Sharjeel Ali Barkhad and Zulfikar Ali Barkhad from Thane.

43-year-old Adnan Ali Sarkar, an anaesthetist attached to many hospitals in Pune, is the fifth arrest in the June 28 case

Senior inspector Sanjay Sawant of Kondhwa police said, "The NIA had summoned Sarkar for questioning and placed him under arrest. We provided handover to the NIA personnel to conduct searches in his flat." An NIA release on Thursday stated that Sarkar was trying to disturb the unity, integrity, security and sovereignty of the country and wage a war against the Government of India as a part of the ISIS (Islamic State) conspiracy, the release said. When TOI visited Sarkar's residence at Parmar Pavan housing society, an elderly woman opened the door but refused to talk. His neighbours claimed they did not know much about Sarkar. The housing society chairman, Rangnath Wadekar, told TOI that the family has been staying there for years.

Train arrives 90 mins early, leaves in 5 mins, without 45 passengers

Ashish Betekar @timesgroup.com

Nashik: Forty-five passengers of Delhi-bound Vasco da Gama Nizamuddin-Lok Express, formed at Nashik, missed their train from Mammad Junction on Thursday. The train reached the station almost one-and-a-half hours ahead of its scheduled time—because of a route diversion—and left without waiting for the passengers who were

unaware of this development.

The train's scheduled time of arrival is 10:20am. On Thursday, it arrived at 9:50am and left at 9:55am. The matter came to light only after 45 passengers who were planning to board it reached the station by 9:45am. The agitated passengers then went to the station manager's office to seek an explanation and demand alternative arrangements.

"Goa Express, which usually runs via Miraj, Pune and the route via Ratnagiri, Panvel, Ratvas and Nashik Road to reach Mammad. Ideally, it should have been made to wait till its time of regular departure," said Shreyas Manaspure, chief PRO of the Central Railway zone.

Manaspure said the passengers were accommodated in Mumbai-Kovvath Guntur 1 Express that followed the Delhi-bound train. Both trains have a common route till Bhalsawa Junction.

"Gitanjali Express, which does not have a scheduled halt at Mammad, was made to stop here at 11:26am. The 45 passengers who missed the Delhi-bound train boarded it. Meanwhile, the station manager of Jalgaon Junction was asked to detain Goa Express till these passengers reached the station," another senior officer said. Railway authorities said an inquiry has been ordered.

2 dead in UP boiler blast: Two workers died and one was seriously injured in a boiler blast at a chemical factory in UP's Muzaffarnagar district on Thursday morning.

The train's scheduled time of arrival is 10:20am. On Thursday, it arrived at 9:50am and left at 9:55am. The matter came to light only after 45 passengers who were planning to board it reached the station by 9:45am. The agitated passengers then went to the station manager's office to seek an explanation and demand alternative arrangements.

Manaspure said the passengers were accommodated in Mumbai-Kovvath Guntur 1 Express that followed the Delhi-bound train. Both trains have a common route till Bhalsawa Junction.

**BID TO MAKE INDIA A MANUFACTURING HUB**

# FM: PLI Scheme Likely for Chemicals & Petrochem

Says global firms in chemicals sector want to diversify their production

Our Bureau

New Delhi: Finance minister Nirmala Sitharaman Thursday said the government is considering a production-linked incentive (PLI) scheme for the chemicals and petrochemicals sector to promote manufacturing and to reduce import dependency. "We are in favour of having India becoming a manufacturing hub and therefore of course we will consider the PLI also for the chemicals and petrochemicals," Sitharaman said at the Global Chemicals and Petrochemicals Manufacturing Hubs in India summit, organised by Federation of Indian Chambers of Commerce & Industry (FICCI).

She said global manufacturers in the chemical industry are looking to diversify their production capabilities and India stands out as an alternative destination for manufacturing. The minister said the government is focused on green growth and industry should keep looking at new energy efficiency and renewable energy commitments of India and the Hydrogen Mission.

### Green Goals

#### WHAT FM SAYS

PLI scheme for chemicals & petrochem aims to promote mfg, reduce import dependency

India stands out as alternative

Industry must raise standard of sustainability recycling, skilling & tech adoption

### Govt focused on green growth

Industry should keep in view energy efficiency, renewable energy commitments of India

Hydrogen Mission seeks to promote development of green hydrogen production capacity of at least 5 million metric tonnes per annum and renewable energy capacity addition of about 125 GW in the country by 2030. Sitharaman added that the potential and size of the chemicals and petrochemicals industry makes a big impact on the economy. She said that as big petrochemical companies are looking at partnership with India, the industry must raise their standards in terms of sustainability recycling, skilling and technology adoption.

# Asean Free Trade Agreement Most Ill-Conceived: Goyal

our bureau

New Delhi: India has sought a review of its free trade agreements with the Asean, Japan and Korea to make them fair and equitable, a top government official said.

Commerce and Industry minister Piyush Goyal on Thursday said India's free trade pact with the Asean was the "most ill-conceived". "The Asean agreement... (is the) most ill-conceived agreement. If anyone would have read that, it is so unfair to Indian industry," Goyal said at an event organised by the Federation of Indian Chambers of Commerce and Industry (FICCI).

Noting that India had opened its markets for Japan and Korea, Goyal pointed out that its exports to Japan had not grown "at all" but imports from that country had jumped 300%.

"What if India's exports to Japan was 10 years ago. It is the same today with Japan... we are asking them to renegotiate with us the FTA to make it more balanced, fair and equitable," he said. "It's a difficult task for us in government also... we fight for the textile sector, our farmers, our auto sector, fisheries, electronics," Goyal said. Emphasising the importance of stakeholder consultations, Goyal said that with the UAE, India imposed tariff quotas on some products after industry raised concerns on some products though the two sides had initially agreed, which was an "embarrassing situation" but it was beneficial for the domestic industry.

### Parliament Watch

#### LS PASSES JAN VISHWAS (AMENDMENT) BILL

# Minor Offences Under 42 Laws Decriminalised

Our Bureau

New Delhi: The Lok Sabha on Thursday passed the Jan Vishwas (Amendment of Provisions) Bill, 2023 that seeks to decriminalise various offences and convert several fines into penalties in 42 laws.

Besides decriminalisation of minor offences, the bill envisages the rationalisation of monetary penalties, depending on the gravity of the offence, bolstering trust-based governance.

The Jan Vishwas (Amendment of Provisions) Bill, 2023 was introduced in Lok Sabha on December 22, 2022 and sent to a Joint Committee of both Houses. The report was presented in Lok Sabha on March 20, 2023. Moving the bill for passage, commerce and industry minister Piyush Goyal said that it will promote ease of doing business and ease of living by decriminalising a

### GOYAL SPEAKS

This has happened for the first time in India. If they repeat their mistakes, action can be taken

number of provisions. As per the Jan Vishwas Bill, 181 provisions in 42 Acts of Parliament related to 19 departments were decriminalised. "This has happened for the first time in India. If they repeat their

mistakes, action can be taken," Goyal said, adding that there is a calibrated approach to increase trust among people. He said the joint committee comprising 31 MPs did nine sittings and the government accepted six of the seven recommendations it made including converting fine to penalty and an appellate body to recover penalties. However, one suggestion pertaining to retrospective changes was not accepted. Goyal said that the process of decriminalising laws will continue.

"We have setup a working group for decriminalisation of legislations comprising industry associations, legal professionals, law experts, and officials of seven departments and ministries," he said.

# 'Yet to Get Majority States' Nod on 7th Eco Census Results'

New Delhi: The government is yet to receive approval from a majority of states for the provisional results of the seventh Economic Census, which creates a database of all formal and informal non-farm establishments in the country, according to a report released by the standing committee on finance on Thursday.

In its submission to the committee, the ministry of statistics and programme implementation stated that it had received approval for provisional results from 13 state-level coordination committees. Approval of all states is needed to release the results.

The creation of a Business Register is contingent on the results of the seventh Economic Census, which the government had claimed "will be useful for measuring the performance of the sectors and its sub-sectors for compilation of quarterly/annual national/subnational accounts."

The standing committee noted that the ministry has no proactive approach to expedite the results of the census. In March, it had asked the ministry to find ways to release results faster and help states with any obstacles they might be facing in the release of data.

#### New Bill to Tap Offshore Mineral Output

New Delhi: The Centre on Thursday introduced a bill in Lok Sabha that will pave the way to tap country's offshore mineral resources for developmental needs. The bill to amend the Offshore Areas Mineral (Development and Regulation) Act, 2002, introduced in the Lok Sabha, aims to establish a fair and transparent mechanism to allocate the operating rights for those engaged in offshore mineral extraction. According to Mining Minister Pralok Joshi, this bill will "remove the impasse in the sector." Our Bureau

# India Set to be Third-Largest Economy by FY28: SBI Research

Says India will surpass Japan and Germany at current growth rate

Our Bureau

New Delhi: India will become the third largest economy by FY28, two years earlier than projected, said SBI Research economists in a note on Thursday. "The Indian economy continues to enjoy a pe-

riod of sustained growth," SBI Research economists said, pointing out that India will surpass Japan and Germany at the current growth rate and account for a 4% share of global GDP. SBI Research economists said India will likely grow 6.1% in the first quarter of FY24, pushing the overall growth rate to 6.5%. India recorded a 13.3% growth in the first quarter of FY23. The forecast aligns with RBI projections of 6.5% growth in FY24 but is more optimistic than the International Monetary Fund's revised forecast of 6.1%. Earlier this week, the IMF revised its growth forecast upwards by 0.2 percentage points on the back of strong domestic investment. PM Narendra Modi on Wednesday remarked that the economy will become the third largest economy during his third time in office. The general elections are due in 2024.

SBI economists said that India needs to log 11-15% nominal growth annually to achieve this goal, which is achievable with 5.7% growth. "We believe that in a world that is ravaged by uncertainties, 6.5-7% growth is the new normal," they said.
