

IndianOil

profile

IndianOil is India's flagship national oil company, with business interests straddling the entire hydrocarbon value chain and the highest ranked Indian corporate in the prestigious *Fortune* 'Global 500' listing. With over a 34,000-strong workforce, IndianOil has been meeting India's energy demands for over five decades. The company's operations are strategically structured along business verticals - Refineries, Pipelines, Marketing, R&D and Business Development.

To achieve the next level of growth, IndianOil is currently forging ahead on a well laid-out road map through vertical integration – upstream into oil exploration & production (E&P) and downstream into petrochemicals – and diversification into natural gas marketing and alternative energy, besides globalisation of its downstream operations. Having set up subsidiaries in Sri Lanka, Mauritius and the United Arab Emirates (UAE), IndianOil is simultaneously scouting for new business opportunities in the energy markets of Asia and Africa.

IndianOil and its subsidiaries have a dominant share of the petroleum products market share, national refining capacity and the downstream sector pipelines capacity in India. With a steady aim of maintaining its position as a market leader and providing best quality products and services, IndianOil is currently investing Rs. 47,000 crore in a host of projects for augmentation of refining and pipelines capacities, expansion of marketing infrastructure and product quality upgradation.

The IndianOil Group of companies owns and operates 10 of India's 20 refineries and the largest network of crude oil and

product pipelines in the country, meeting the vital energy needs of the consumers in an efficient, economical and environment-friendly manner. It has a portfolio of powerful and much-loved energy brands that includes Indane LPGas, SERVO lubricants, XTRAPREMIUM petrol, XTRAMILE diesel, etc.

IndianOil has a keen customer focus and a formidable network of customer touch-points dotting the landscape across urban and rural India, backed for supplies by bulk storage terminals and depots, aviation fuel stations and LPGas bottling plants. IndianOil's ISO-9002 certified Aviation Service commands a dominant market share in aviation fuel business, successfully servicing the needs of domestic and international flag carriers, private airlines and the Indian Defence Services.

IndianOil has a sprawling world-class R&D Centre that is perhaps Asia's finest. It conducts pioneering work in lubricants formulation, refinery processes, pipeline transportation and alternative fuels, and is also the nodal agency of the Indian hydrocarbon sector for ushering in a Hydrogen fuel economy in the country.

In Exploration & Production, IndianOil's domestic portfolio includes nine oil & gas blocks and two Coal Bed Methane blocks while the overseas portfolio consist of nine blocks spread across Libya, Iran, Gabon, Nigeria, Timor-Leste and Yemen. In addition, as part of a consortium, IndianOil has been awarded Project -1 in the Carabobo heavy oil region of Venezuela.

IndianOil has entered into franchise agreements with several City Gas Distribution(CGD) players to market Compressed Natural Gas through its retail outlets. IndianOil has forayed

into alternative energy options such as wind, solar, bio-fuels and nuclear power. A wind power project is currently operational in the Kutch district of Gujarat while a solar power initiative is being spearheaded on a pilot basis in Orissa, Karnataka and the Northeast. IndianOil has one of the largest captive plantations underway for bio-fuel production in Chattisgarh and Madhya Pradesh.

As a leading public sector enterprise of India, IndianOil has successfully combined its corporate social responsibility agenda with its business offerings, meeting the energy needs of millions of people everyday across the length and breadth of the country, traversing a diversity of cultures, difficult terrains and harsh climatic conditions. The Corporation takes pride in its continuous investments in innovative technologies and solutions for a sustainable energy flow and economic growth and in developing techno-economically viable and environment-friendly products & services for the benefit of its consumers.

A new green movement through clean fuel

BS-IV Fuels in Delhi

Presided by
Shri Murli Deora
 Hon'ble Minister of Petroleum & Natural Gas

In the august presence of
Smt. Krishna Tirath
 Hon'ble Minister of State (Independent Charge)
 for Women and Child Development

Shri Ajay Maken
 Hon'ble Minister of State for Home Affairs

Guests of Honour
Shri Parvez Hashmi Hon'ble Member of Parliament
Shri Janardan Dwivedi Hon'ble Member of Parliament
Shri Ramesh Kumar Hon'ble Member of Parliament
Mahabal Mishra Member of Parliament
 Road, New Delhi : 24th March, 2010

IndianOil

Greener Fuel for a Greener Future

BS-IV Fuels

Benefits of Clean Fuels

- Reduced emissions
- Improved air quality
- Environmental benefits
- Better human health
- Reduced corrosion
- Enhanced crop yield
- Less forest damage
- Lower impact on climate
