

Eco-friendly Synthetic Refrigeration Oils

Product	Kin. Viscosity cSt at 40 °C	Pour Point °C, Max.	Flash Point COC, °C Min.	Description / Application
Servofriz ECO 10	9 - 11	(-) 51	175	Servofriz ECO oils are ester based environment friendly, fully synthetic refrigeration oils designed specifically for lubrication of refrigeration compressors and systems using ozone friendly HFC refrigerants. These are miscible with R 134a refrigerants. Provide improved lubricity and wear protection. Recommended for use in domestic refrigeration, air conditioning and industrial refrigeration systems using HFC's as refrigerants.
Servofriz ECO 22	20 - 24	(-) 42	190	
Servofriz ECO 32	29 - 35	(-) 39	190	
Servofriz ECO 46	42 - 50	(-) 36	210	
Servofriz ECO 68	62 - 74	(-) 33	254	
Servofriz ECO 100	90 - 110	(-) 24	250	
Servofriz ECO 150	135 - 165	(-) 24	250	
Servofriz HFC 46	42 – 48	(-) 39	220	It is a Poly Glycol based R134a compatible synthetic refrigeration oil suitable for automotive air conditioners.
