Fuelling success at IndianOil & beyond

From a tenured sportsman joining Indian Oil Corporation in 1996, Mr Amit Dani got decategorized in 2010. Having found himself best suited for the Employee Services, he served his corporate role with aplomb. Learning the Medical policies, visiting the Nominated hospitals, meeting prominent doctors to build a rapport, Mr Amit Dani has given it all. He feels that over the years he has developed huge contacts with the nominated hospitals, Doctors and their administrative staff to get priority and best possible treatment for his fellow IOCIans and their dependents. Currently, he oversees the medical welfare of employees, serving as DGM (Employee Services) at the Marketing Head Office (MKHO). "My experience in cricket made it possible to interact with the people of different professions", says the humble Mr Dani. He also feels that IndianOil's sports policy allowed him to enhance his coaching skills by allowing special leaves for coaching state and zonal teams.

"IndianOil has played a major role in my life, helping me become a better person and a better citizen of this great country. I owe my life to IndianOil for all my achievements. It gave me stability, confidence and gratitude."
